

Road Construction Notice:

1200 S. SEWER REPLACEMENT PROJECT

The 1200 South Sewer Replacement Project in Logan is scheduled to **BEGIN JUNE 22ND**. This work will complete essential upgrades to the sewer infrastructure along 1200 South.

1200 S: HWY 165 to US 89

PHASE 1	JUNE 22 – MID-JULY Business access only. No thru traffic. A-FRAME
PHASE 2	MID-JULY – END OF JULY Business access only. No thru traffic. DETOUR
PHASE 3	END OF JULY – END OF AUG. WESTBOUND TRAFFIC ONLY Detours and business access.
SR-165 CROSSOVER	END OF AUG. – MID-SEPT. Night Work Only

Construction Overview: Work will begin on the far west side of the sewer alignment, as shown on the color-coded map. Traffic control and local closures will change based on active work areas for safety.

Traffic Control and Access: Each phase will allow business and customer access only within the active work zone, where signage indicates. During Phase 3 and the SR-165 Crossing phase, one-way westbound traffic will be maintained under flagger control (see map). Eastbound traffic will not be permitted during working hours in these phases. Detour routes will be clearly posted throughout all phases to guide motorists around the work zone. Property access may be briefly restricted during active construction.

Parking and Safety: Shoulder parking will be restricted for the duration of the project. Please slow down and use caution when traveling through all work zones.

Schedule*

Dates: June 22 - September 15th
Times: Sunrise - Sunset
 (except for the SR-165 crossing)
Duration: 85 Calendar Days

* Schedules are subject to change due to weather and materials available.
